## Neighborhood Spotlight: Make A Difference Day

The City of Lima Department of Community Development is pleased to announce that four Neighborhood Organizations have been awarded Make A Difference Day Mini Grants. The grant process started July 12, 2017 with a call out to organizations to apply for 10 mini grants offered by Neighborhood Support to have a community project for Make A difference Day, October 28, 2017. The mini grant program is offered once per year to support projects in the community that impact neighborhoods in a positive way and impact the residents in that area. This year the Northside Neighborhood Association, Lima Allen County Neighborhoods in Partnership (LACNIP), The Wheelhouse, and Dr. Martin Luther King Jr. Neighborhood Association (DMLKJ NA) have been awarded grants. Northside Neighborhood Association was awarded a grant to assist a neighborhood resident with housing repairs. LACNIP's grant project is expanding and constructing raised gardening beds for youth at the Urban Minority Drug Abuse and Outreach Program facility. The Wheelhouse will be having a bike maintenance and safety project offered to Lima residents utilizing the bike path in the 619 E. Elm Street area adjacent to the bike path. DMLKJ NA will host an Opiate informational day at Dr. Martin Luther King Jr. Park where they will have a clean-up, opiate information to hand out, and other activities. Make A Difference Day, is one of the largest annual single-days of service nationwide. Since 1992, volunteers and communities have come together on Make A Difference Day with a single purpose: to improve the lives of others. The mini grant program is offered every year to eligible neighborhood associations and nonprofit organizations to make an impact on their neighborhood through service. To find out more about City of Lima Mini Grants, how to become a volunteer, or neighborhood associations contact Autumn Swanson, Neighborhood Specialist at 419.221.5177.
