**Budget Information**

Proposals that involve raising new funds (through special member donations, fundraisers, or a gift/grant from a local business, etc.) are more competitive during the selection process than projects that use existing funds (bank account funds, membership dues, etc.) Use your mini-grant application as a way to help leverage new funds for your association, either through members, donors, local businesses, or other sources.

**Project Selection**

A committee of 3 dedicated volunteers will be reviewing and then selecting the grant recipients. This committee will be selected from past and current volunteers not associated with any of the organizations applying.

## Tips for Successful Proposals

- **Read the directions and guidelines carefully.**
- **Contact the Neighborhood Specialist** with questions or to have a review of your proposal in advance. (This does not guarantee that you will receive a grant, but may help you to identify problems or provide suggestions to improve your application.)
- **Visit [www.makeadifferenceday.com](http://www.makeadifferenceday.com) for volunteer leader resource guide** and other very helpful materials- this is recommended. (you do not have to register for the overall award to be eligible for this grant)
- **Follow the application directions** – for example, if asked to provide 3 copies, please provide 3 copies! Incomplete or late applications will be disqualified.
- If you have consulted a professional for guidance and advice on how to plan and implement your project, share that information in the description of your project.
- **Provide enough description** of the project so that it will be understandable to someone who is *not* familiar with the background of the project you're proposing. If you do not provide enough background information, your grant application may not be as competitive. (On the other hand, be careful not to exceed the page limit indicated in the guidelines!)
- **Provide enough detail on your budget:** how much does each item cost? What is the total amount you are requesting? Be sure to add up the total amount requested, as well as any other funding you may use.
- Organizations planning to **raise new funds** (through member donations, fundraisers, or a gift/grant from a local business, etc.) are more competitive than organizations that designate funds from existing sources (bank account, membership dues, etc.)
- Use your mini-grant application as **leverage to raise new funds** in the community, either with members, donors, local businesses, etc.
- **We can only award 10 mini-grants each year** and there are many good projects, so some may not be funded. **If your project is not funded, please consider re-submitting your application or a new project next year!**

**Remember to include three (3) copies of your grant application materials. Failure to do so will result in the disqualification of your application!**
