

## **Responsible Parties Meeting: for Theme 3: Agency Cooperation**

May 13<sup>th</sup> 2009

Members Present; Lynn Shock, Lisa Merkle, Richard Shade, Sam McLean and Michael Gallmeier

Discussion was on the number of members or lack of members coming to the meetings. Today's meeting with only 5 members has been our smallest amount and what should we do about it. Maybe we could contact the other Theme groups to see if any of those members would want to come into our group.

Discussion on the forms that are used for Domestic Violence complaints and how can they be made simpler. We also reviewed the web site for the Lucas County Domestic Task Force and how everything a person would need is listed on one page. This may be an option for the family's in the area to find what is available to them.

Since our 3 main priorities (Break down barriers with other law enforcement agencies; Study and consider law enforcement consolidation and Develop a county wide strategic planning process with social service agencies) are being addressed we have decided that our meetings will for now take a monitor and review process and we will hold quarterly meetings.

Would we want to meet on Aug. 12<sup>th</sup> at 3:00 PM tentatively scheduled at

Allen County Child Support  
200 W. Market Street, Lima  
4th floor conference room

1.
