Per email from Brian Geigner 12/5/19 3:32 PM, they quoted 8pre, stating 4pre is no longer in production. They only carry the 8pre.

Quoted 4pre with option to select Roland Rubix22 USB Audio Interface. Per email from David Deuschle 12/5/19 4:16 PM, FTR has stated that MOTU has issues. This is why they recommended the optional Roland mixer.

Quoted Area Electric running all wiring.
